

## Amendments to the Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

### Listing of Claims:

Claims 1-5 (cancelled)

#### Claim 6. (new)

An anti-wrinkle cosmetic product comprising an anti-wrinkle tensor agent including a first component silica and a second component water, acting as active principle, said silica and said water having a percentage weight respectively of 0.1% to 3% and 99.9% to 97% with respect to the weight of the resulting composition.

#### Claim 7. (new)

The anti-wrinkle cosmetic product according to claim 6, which further includes at least one of the following excipients used in cosmetic products, moisturizing agents, soothing agents, moistening agents, emollient agents, refreshing agents, thickening agents, preservative agents, stabilizing agents, film making agents, Disodium Edta, Salicylic Acid, Sodium Alginate, Osmocide.

#### Claim 8. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said moisturizing agent is Panthenol with a percentage from 0.1 to 3 percent weight.

#### Claim 9. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said moisturizing agent is Sodium Hyaluronate with a percentage from 0.5 to 3 percent weight.

Claim 10. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said soothing agent is Etoxydiglycol with a percentage from 0.1 to 3 percent weight.

Claim 11. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said soothing agent is Caprylyl Glycol with a percentage from 0.1 to 3 percent weight.

Claim 12. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said soothing agent is Sodium Polyacrylate with a percentage from 0.1 to 3 percent weight.

Claim 13. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said moistening agent is Glycerin with a percentage from 10 to 30 percent weight.

Claim 14. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said moistening agent is Propylenglycol with a percentage from 10 to 30 percent weight.

Claim 15. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said emollient agent is Dimethicone Copolyol with a percentage from 0.1 to 5 percent weight.

Claim 16. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said refreshing agent is Aloe Barbadensis with a percentage from 0.5 to 3 percent weight.

Claim 17. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said thickening agent is Xanthan Gum with a percentage from 0.1 to 3 percent weight.

Claim 18. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said preservative agent is Etoxydiglycol with a percentage from 0.1 to 3 percent weight.

Claim 19. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said preservative agent is Caprylyl Glycol with a percentage from 0.1 to 3 percent weight.

Claim 20. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said preservative agent is Sodium Polyacrylate with a percentage from 0.1 to 3 percent weight.

Claim 21. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said stabilizing agent is Algin with a percentage from 0.1 to 3 percent weight.

Claim 22. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said film making agent is Agar with a percentage from 0.1 to 3 percent weight.

Claim 23. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said Disodium Edta has a percentage from 0.1 to 1 percent weight.

Claim 24. (new)

The anti-wrinkle cosmetic product according to claim 7, wherein said Salicylic Acid has a percentage from 0.1 to 0.5 percent weight.

Claim 25. (new)

The anti-wrinkle cosmetic product according to claim 6, wherein said first component silica and said second component water are used in the form of a sol solution.

Claim 26. (new)

The anti-wrinkle cosmetic product according to claim 6, wherein said first component silica and said second component water are used in the form of a gel solution.

Claim 27. (new)

The anti-wrinkle cosmetic product according to claim 6, wherein said first component silica and said second component water are used in the form of an aerosol solution.
